Imaxes de lanternas, limas e zafras inspiraron ó ferreiro Tom Joyce a queimar madeira, papel, líquidos e metais para a cámara. Os sonidos procesados guían a composición. As imaxes están a miúdo ralentizadas ou van cara atrás ou ó revés.

Images of torches, files and anvils inspired blacksmith Tom Joyce to torch wood, paper, liquids and metals for the camera. The processed sounds guide the composition. The images are often slowed down, run backwards or upside down.
